Waking up in the morning and I'm  
I'm feeling like oh la la  
It's about to go down, 'cause I found out  
The truth, la la

Nine o'clock in the morning  
And I know this is our last night  
I know what I'm doing  
'Cause, yeah, I got it on black and white

Should've known that you are a liar  
But I look the other way  
Should've known you're a troublemaker  
But you act too nice to hate

I know we couldn't get much higher  
But you promised the world to me  
Do you see that you light my fire?  
Now I know what I do

Because of you  
I'll make it through

Take a look at yourself  
Cause that's what you need to do, to do  
Cause the only problem in this room is that  
'Bout you, 'bout you  
Cause you're a liar

Liar, liar, liar  
Yeah, yeah, yeah  
You liar, liar  
Yeah yeah yeah

Waking up in the morning and I'm  
I'm feeling like oh la la  
Now I know that your heart  
And your mind's on the line la la

I can see it in your eyes that  
You don't like to be this way  
I don't let you fight in back  
Guys like you can't be changed

Should've known that you are a liar  
But I look the other way  
Should've known you're a troublemaker  
But you act too nice to hate  
I know we couldn't get much higher  
But you promised the world to me  
Do you see that you light my fire?  
Now I know what I do

Because of you  
I'll make it through

Take a look at yourself  
Cause that's what you need to do, to do  
Cause the only problem in this room is that  
'Bout you, 'bout you  
Cause you're a liar

Yeah yeah yeah  
Yeah yeah yeah  
You liar, liar

Nemam, nemam, nemam ja  
Nemam mira, nemam sna  
Ne da noć da dođe dan  
Teško onom ko je sam

Ko pod vodom, tiho je sve  
Vrištim, al' se ne čuje  
Iza gora beli sjaj, ja ne nazirem kraj  
Ovo put je za ranjene

A nema ko da vodi me  
Do svetle zvezde Danice

Gori svet (Gori svet),  
Svaki cvet (Svaki cvet),  
Gde su nestale (nestale) lila ramonde?

Lila ramonda, lila ramonda-a

Avada Kedavra, I speak to destroy  
The feelings I have, I cannot avoid  
Through twisted tongues, a hex deployed on you  
That all the pretties in your bed  
Escape your hands and make you sad  
And all the things you wish you had, you lose

I, I, I know you're living a lie  
I, I, I see the scars in your eyes  
I, I, I know you're living a lie

I, I, I guess you'd rather have a star  
than the Moon  
I guess I always overestimate you  
Hoodoo all the things that you do  
I'm down, down in my doomsday blues

I, I, I know you're living a lie  
I, I, I know you're living a lie

Avada Kedavra, the thoughts in my head  
The places I touch when lying in bed  
The visions of you, the words that you said, undo  
My heartbeat buried in the ground  
And to the strings I bind, you're bound  
So when you sleep you'll hear the sound  
(Cuckoo)

I, I, I know you're living a lie  
I, I, I see the scars in your eyes  
I, I, I know you're living a lie

I, I, I guess you'd rather have a star  
than the Moon  
I guess I always overestimate you  
Hoodoo all the things that you do  
I'm down, down in my doomsday blues

I guess you'd rather have a star than the  
Moon  
I guess I always overestimate you  
Hoodoo all the things that you do  
I'm down, down in my doomsday blues

For your romance I'd beg, steal and borrow  
It's draining me hollow, you  
(I guess you'd rather have a star than the  
Moon)

You could slow dance me out of my sorrow  
(I guess you'd rather have a star than the  
Moon)

But your favourite colour compared to the  
others is doom  
Doomsday blue

Looking for a miracle  
Waiting for a sun to catch me  
Gotta find a way back home  
Alone, alone, alone

Hoping for a star to fall  
Something I can make a wish on  
Could it be that I'm the fool?  
But aren't we all?  
We all, we all

Broken bodies  
Scattered through my history  
Lonely hours  
Leading to my destiny

I'm the one who built the tower  
I'm the one who holds the power  
So come on, rise up, shout it louder  
I'm the one who built the tower

Shining in a tiger's eyes  
Only I can find my future  
Reading in between the lines  
I draw my own  
My own, my own

Running down the waterfall  
Always tried to chase the rainbow  
Never found a pot of gold  
Below, below, below

Broken bodies  
Scattered through my history

Lonely hours  
Leading to my destiny

I'm the one who built the tower  
I'm the one who holds the power  
So come on, rise up, shout it louder  
I'm the one who built the tower

Ay, I'm a big boy now  
I'm ready to leave, ciao mamma, ciao  
Ay, I'm a big boy now  
I'm going away and I sold my cow  
Before I leave, I must confess  
I need a round of decompress  
One more time for all the good times  
Rim-tim, tagi-digi, dim-tim-tim (Oah)

(Rim-tim, tagi-digi) (x6)

(Rim-tim, tagi-digi-digi-digi-digi-digi)

Gonna miss you all, but mostly the cat  
Gonna miss my hay, gonna miss my bed  
But most of all, I'ma miss the dance  
So come on y'all, let us prance

(Rim-tim, tagi-digi) (x4)

Now don't call, don't write  
I'm leavin' with the first light  
Don't cry but dance  
Rim-tim, tagi-digi, dim-tim-tim

There's no going back (Woah)  
My presence fades to black (Woah)  
Yeah, there's no going back (Woah)  
My anxiety attacks (Woah)  
Rim-tim, tagi-digi, dim-tim, tagi-digi-dim

(Rim-tim, tagi-digi) (x4)

I hope I find peace in the noise  
Wanna become one of them city boys  
They're all so pretty and so advanced  
Maybe they also know our dance

(Rim-tim, tagi-digi) (x4)

Bye mom, bye dad  
Meow cat, please meow back  
Don't cry, just dance  
Rim-tim, tagi-digi, dim-tim-tim

There's no going back (Woah)  
My presence fades to black (Woah)  
Yeah, there's no going back (Woah)

(I feel it coming)  
(I feel it coming)

Look how far we made it  
Standing on the edge of a promise  
I'm not one to take risks  
Getting hurt taught me to be cautious

Maybe we should leave this  
Cause what would be the use of crashing into  
you  
We could end up in pieces  
Don't need another heart-shaped bruise

I feel it coming (Uh)  
Been here before and never got it right  
Baby I'm wondering (Uh)  
If falling in love has got me scared of heights

I know we're going sky high, going sky high  
But what if we forget how to fly?  
Baby I'm wondering (Uh)  
If falling in love has got me scared of heights

Dive in with my heart first  
I'm still drowning in this rational fear  
Wish that I could unlearn  
I can't enjoy the view from up here

Maybe we should leave this  
Cause what would be the use of crashing into  
you

We could end up in pieces  
Don't need another heart-shaped bruise (No, no)

I feel it coming (Uh)  
Been here before and never got it right  
Baby I'm wondering (Baby, I'm wondering)  
If falling in love has got me scared of heights

I know we're going sky high, going sky high  
But what if we forget how to fly  
Baby I'm wondering (Uh)  
If falling in love has got me scared of heights

(I feel it coming)  
(I feel it coming)

I feel it coming (Uh)  
Been here before and never got it right  
Baby I'm wondering (Uh)  
If falling in love has got me scared of heights

Oh I'm scared of heights  
Fell a couple times  
And I barely made it out alive

Oh I'm scared of heights  
But the truth is I'm  
Still falling if I kiss you goodbye

So baby I'm wondering  
If falling in love has got me scared of heights

Run na na eh, run na na eh

I am nothing but the average  
Eventhough I'm special to some  
I can't refuse I'm going under  
no one gives a shit about what's soon to  
come  
What's soon to come

I know my blessing with the privilege  
Of doing anything I want  
But I don't feel like getting stronger  
In my mind it's just a game that can't be won  
That can't be won

I'm always on the run, run, run, run  
Close but never done, done, done, done  
I can't break out when I'm free  
Lost in my own identity  
I'm on the run, run, run, run

I'm always on the  
Run na na eh, run na na eh (x4)

All I do is keep my head up  
But it's time to keep the pace  
Like I'm haunted by the voices  
deep within oh they're just never gonna fade  
(run na na eh, run na na eh)  
Not gonna fade

I'm always on the run, run, run, run  
Close but never done, done, done, done  
I can't break out when I'm free  
Lost in my own identity  
I'm on the run, run, run, run

I'm always on the  
Run na na eh, run na na eh (x4)

Run from the silence  
Screaming for guidance  
Who am I fighting for  
Get out of my head  
I'm so sick and tired  
Can't do this anymore

Run from the silence  
Screaming for guidance  
Who am I fighting for  
Get out of my head  
I'm so sick and tired  
Can't do this anymore

Run from the silence  
Screaming for guidance  
Who am I fighting for  
Get out of my head  
I'm so sick and tired  
Can't do this anymore

## LYRIC

Skrila sem se v reko in odšla v tiho noč  
Z glasnimi koraki nemi klici na pomoč  
Zdaj ko sem le voda v valovih iščem mir  
Utopim se v sebi, se svetlobi prepustim

Najdi me, rani me, brani me  
Ko me loviš, ko me zapustiš  
Dvigni me, pusti me, ljubi me  
Kdo te lovi, ko se me bojiš?

Koga se bojiš, ko svoje želje zatajiš?  
Gledaš me v oči, podoba tebe v njih žari  
Ogledalo sem brez robov  
Le odsev tvojih sem strahov

Najdi me, rani me, brani me  
Ko me loviš, ko me zapustiš  
Dvigni me, pusti me, ljubi me  
Kdo te lovi, ko se me bojiš?

NO RULES!

WINDOWS95MAN

## LYRIC

Welcome, my name is Windows,  
Windows95man  
And I only live by one rule  
And the rule is:  
No rules! (No rules!)

Silence, I say,  
This is my time, my stage  
Call me what you may,  
See if I care, see me slay

Is there something wrong with the way I look?  
Is there something wrong with who I am?  
If I'm not alright, tell me why do I  
Feel so beautiful tonight?

**No rules!**  
It's how I live  
How I find the wind beneath my wings  
It's how I learn to fly

(Let's go!) **No rules!**  
In the heat of the night, in the thrill of the fight  
I don't even care what's wrong or right  
It's how I live my life  
**No rules!**

Quiet as I speak,  
I am the king, I am the queen  
And you all gonna be free,  
Forget the rules and scream

Is there something wrong with the way I look?  
Is there something wrong with who I am?  
If I'm not alright, tell me why do I  
Feel so beautiful tonight? (Move your body)

### Refrain [Estribillo]

It's how I live  
How I find the wind beneath my wings  
It's how I learn to fly  
(Make some noise, let's go!)

In the heat of the night, in the thrill of the fight  
I don't even care what's wrong or right  
It's how I live my life  
**No rules!**

It's how I live (Yeah)  
How I find the wind beneath my wings  
It's how I learn to fly (Come on)  
**No rules!**

In the heat of the night, in the thrill of the fight  
I don't even care what's wrong or right

When her prey's asleep  
Make your eyes go blind  
And now you are in too deep  
She gon' chew you up

Then she'll spit you out, anyway, I follow  
She gon' hurt you bad, but it feels so good  
I don't care, no, I don't care

You better know she's dangerous  
She is unforgettable (unforgettable)

And it feels so good, it hurts  
She is unforgettable  
Whoa-oh-oh-oh

She's unforgettable  
She's unforgettable  
She's unforgettable

Oh  
Her love is dangerous and I know it  
It's venomous 'cause I feel it inside of me  
She's unforgettable  
Her love is dangerous and I know it  
It's venomous 'cause I feel it inside of me  
She's unforgettable

### LYRIC

I lived a life standin' on my own  
Chaos inside and mysteries unsolved  
Only with you I feel  
How the burdens of my life just disappear  
(Life just disappear)  
Through all the lows and highs  
Love has guided me to gates of paradise

Hold my heart in your hands  
Do you have what it takes?  
Hurricanes are roamin',  
but you take away the pain  
Healin' all the scars and breakin' chains

Gəl özünlə apar  
Sənsiz göy mənə dar  
Gəl özünlə apar  
Sənsiz göy mənə dar

Ey, ey, ey, yar  
Yar  
Ey, ey, ey, yar (Yar)

Hold my heart in your hands  
Do you have what it takes?

Hurricanes are roaming  
but you take away the pain  
Healing all the scars and breaking chains

Aman, aman  
Yar, ey yar,  
Yar

Gəl özünlə apar  
Sənsiz göy mənə dar  
Gəl özünlə apar

I stand in the eye of the spiral  
One of them billion-billions, billion-billions  
My soul slips away from its title  
One of them billion-billions

And I descend to the centre of the earth  
I may be dreaming but the atoms are awake  
Spill the tea on reality and the 0.618

What ya gonna do in the real world, Mickey?  
What ya gonna do when you see?  
Milkali (milkali kutju), milkali  
Escape with us to the planets  
To the Fleetwood Macs and the Janets  
Milkali la, While entertaining the gods

One milkali la, milkali la  
It's raining love  
One milkali la, milkali la

We're on a gravitron, as it tangles, hmm  
With them billion-billions of our souls and  
angels  
We kiss and matter dismantles

To see we don't own the universe  
Feel the borders blur, we belong to her  
I may be dreaming but the atoms are awake  
Spill the tea on reality and the 0.618

What ya gonna do in the real world, Mickey?  
What ya gonna do when you see?  
Milkali (milkali kutju), milkali  
Escape with us to the planets  
To the Fleetwood Macs and the Janets  
Milkali la, while entertaining the gods

One milkali la, milkali la  
It's raining love  
One milkali la, milkali la

While entertaining the gods  
One milkali la, milkali la  
It's raining love  
One milkali la, milkali la

Milkali (milkali kutju)  
Milkali (milkali la, milkali kutju)  
Milkali la, one milkali la

Ouvi, senti o corpo a carregar  
Seguimos assim  
Um e outro, um e outro, um e outro

Sou queda livre  
Aviso quando lá chegar  
Entrego-me aqui  
Pouco a pouco

Passos largos, presa na partida  
Quero largar o que deixou ferida  
Peço à estrela mãe que faça o dia  
Nascer de novo

(Ainda arde) **Transformei cada verso de mim**  
(Ainda arde) **E entregue à coragem**  
**Que ainda arde, ainda arde**  
**Bate a luz no peito e abre**  
**Sou chama que ainda arde, ainda arde, ainda arde**

Hoje eu quero provar a mim mesma  
Que posso ser o que eu quiser (Que eu quiser)  
Juntar quem me quer bem numa mesa  
Perdoar quem me quis ver sofrer  
A mim não me enganam (Não, Não)  
Eu sou todo o tamanho  
Ainda lembro, quando era pequena  
Eu sonhava primeiro

Passos largos, presa na partida  
Quero largar o que deixou ferida  
E peço à estrela mãe que faça o dia  
nascer de novo

(Ainda arde) **Transformei cada verso de mim**  
(Ainda arde) **E entregue à coragem**  
**Que ainda arde, ainda arde**  
**Bate a luz no peito e abre**  
**Sou chama que ainda arde, ainda arde,**

Sou chama que ainda arde, ainda arde  
Sou chama que ainda arde, ainda arde

Arde, arde, arde

Transformei cada verso de mim  
E entregue à coragem  
Que ainda arde, ainda arde  
Bate a luz no peito e abre  
Sou chama que ainda arde, ainda arde,

T'as plus 20 ans  
T'as plus le temps  
De faire l'enfant  
De faire que la fête  
T'as plus d'argent  
Pas d'élan  
Tu vas vraiment  
Droit vers la défaite

Et j'entends au loin, au loin, au loin  
Cette petite voix, chant de sirène  
Qui me dit « Mais viens  
Vas-y prends ma main  
Allez je t'emmène »

Ah, ah, ah, ah  
Qui me dit tout bas  
Ah, ah, ah, ah

Come, I will never let you down  
I know you're a fighter  
Hold in your heart the love around  
You know you're a fighter  
Et j'entends au loin, au loin, au loin  
Cette petite voix qui me répète  
« Nan mais tu vas où- où- où? »

J'avoue j'avoue je sais pas  
Je veux tout rien à la fois  
J'finirai complètement folle  
Et voilà

T'as pas le droit  
D'rester comme ça  
Faut faire des choix  
T'as quoi dans la tête?

Mène des combats  
Crois en toi  
Le monde est là  
Pars à sa conquête

Et j'entends au loin, au loin, au loin  
Cette petite voix, chant de sirène  
Qui me dit « Mais viens  
Va vers ton destin  
Faut pas que tu freines »

Ah, ah, ah, ah  
Qui me dit tout bas  
Ah, ah, ah, ah

Come, I will never let you down  
I know you're a fighter  
Hold in your heart the love around  
You know you're a fighter  
Et j'entends au loin, au loin, au loin

Hear the sound of your dreams  
You are so near  
They are so near, look around  
Hear the sound of your dreams  
Not of your fears  
And just open up your heart

Don't you know that you got me?

Got me so hot, burning' up like a fever  
I'm a honey pot, never tasted nothin' sweeter  
Thought you could turn me down, no, no, no  
Let's go another round, slow

Don't you tell me I'm your addiction

Oh my God, you got-got-got me on (Loop)  
'Cause I'm in, but the bla-bla-blame's on (You)  
Let me tease you, boy, you love it when I  
Mo-mo-mo-move, got you on loop

Got me on, got me on loop

Cherry on top, you're the cinnamon  
Makin' my heart skip a little bit  
Like ra-pa-pa-bam-ba, ra-pa-pa-bam-ba,

You know how to spin me, boy

We stand eye to eye  
You try and set a fire  
Just to watch me burn  
It's like you don't know  
That I will survive  
Learned how to stay alive  
Come and throw your flames  
'Cause it's all in vain, oh

Even if I fall, I'm gon' get up  
I'll be standing tall, proud, with my head up  
Go 'head and give your best shot

**I won't go down, I'll never break  
Like a titan, I'll be brave  
Toni-i-i-ight, I'll ri-i-i-ise  
I won't give up, fight 'til the end  
Every tear's gonna ricochet  
I ri-i-i-ise, rise  
I'm a titan in disguise**

I bet you thought that I would crumble, but I  
won't  
You thought I wouldn't make it out here  
on my own  
You thought you'd see me broken,  
I'm goin' strong  
Still goin' strong  
Got an armor 'round my heart,

it's unbreakable  
Got my feet on the ground,  
I'm unshakable  
And if you think I won't survive,  
then you're so wrong  
You're so wrong

**I won't go down, I'll never break

'Bout the good and the bad, better hold on tight  
Who decides what's wrong, what's right?  
Everything is balance, everything's light  
I got so much on my mind  
And I been awake all night  
I'm so pumped, I'm so psyched

Your sorry means nothin' when everythin' else  
Stays the same, stays the same  
You stay silent, I get violent  
And everythin' else stays the same  
Pathetic and I'm over it  
You're so full of it, full of it  
I'll give all the love to me  
And then I'll truly be free, I'll truly be free

And I, I, I, I need to learn to...  
I, I, I, I need to learn to  
Put myself on a pedestal

I will be loving me more, loving me  
Put myself on a pedestal  
I will be loving me more  
I finally learned not to force things  
And I love me more, love me more, love me  
more  
Love me more than you once did  
Put myself on a pedestal  
I will be loving me more (Loving me more)

Love of your life, just please don't ask  
For any actions or any proof  
Ugh, the irony, where did my pride go?  
I feel no shame, but you should and now I  
know

I, I, I, I need to learn to...  
I, I, I, I need to learn to  
Put myself on a pedestal

I will be loving me more, loving me  
Put myself on a pedestal

I told you like a million times  
Why do you keep doing the same thing?  
I'm not doin' it, I'm not doing it,  
You are...  
I told you  
Stop, please, where are you goin'?  
I'm not doing it, I'm off, I'm done

I will be loving me more  
Loving me, loving me, loving me

Mon amour

Te souviens-tu de nous?  
Du premier rendez-vous?  
C'était beau, c'était fou

Je t'aime, j'sais pas pourquoi  
J'rejoue la scène  
Mais c'est toujours la même  
fin qui recommence  
Tu n'entends pas  
Ma peine, on en fait quoi?  
Est-ce que tu m'aimes, ou pas?

Mon amour  
Je ferai tout c'que je peux  
Un océan dans le feu  
L'impossible si tu le veux

Oh, mon amour  
Allez, reviens à Paris  
Fais-le pour nous, j't'en supplie  
Je le promets, j'ai compris

Je t'aime, j'sais pas pourquoi  
Je rejoue la scène

Ice running through my veins  
You just did it again  
Good, but I can't be your friend  
And here I am again

So I go-go-go  
Where them broken-hearted go  
No one knows a thing  
About my heart and soul  
I go-o-o  
Wanna dance it off alone  
I won't let it show  
They will never know

When the darkness hits  
And we can't be saved  
We ram-di-dam-dam-dam  
We will rave  
When the hearts are burning  
We feel no pain  
We ram-di-dam-dam-dam

Yesterday is eating up my mind  
You and me we couldn't get it right  
We were throwing memories in the air  
Bits and pieces lying everywhere

(Uh, uh, uh, uh)

Bits and pieces lying everywhere

(Uh, uh, uh, uh)

Bits and pieces like we didn't care

Shouldn't be so hard  
Like breathing under water  
Baby, we've been in the blue  
Didn't see it coming  
Falling into nothing  
Ain't there something we can do?

(Uh, uh)

(Uh, uh)

I can feel you slipping through my hands

(Uh, uh)

(Uh, uh)

Guess we built a castle out of sand

Yesterday I had you by my side  
Now we're just like strangers in the night  
Pictures of us lying on the floor  
No, I can't do this fighting anymore

But it shouldn't be so hard

Like breathing under water  
Baby, we've been in the blue  
Didn't see it coming  
Falling into nothing  
Ain't there something we can do

(Uh, uh)

(Uh, uh)

I can feel you slipping through my hands

(Uh, uh)

Guess we built a castle out of sand

Sand, sand

I can feel you slipping through my hands

Sand, sand

Guess we built a castle out of sand

Don't look now  
Woah, you'll see me crying rivers, I might drown  
Don't know how  
Woah-oh, will I ever find my own way out?

I don't wanna lose me so cruelly

It's killin' me slow  
Yeah, I'd rather let them dig my grave shallow  
Instead of sellin' out to something so hollow,  
hollow

Not afraid  
Woah, to tell you all my sins I can't escape  
I won't change  
Woah, it's like a bad disease that I can't shake

I don't wanna lose me so cruelly  
I'm driftin' in and out of who I am  
So help me understand

It's killin' me slow  
Try to make me just another believer  
Everybody just pretending they're preachers,  
preachers  
It's killin' me slow  
Yeah, I'd rather let them dig my grave shallow  
Instead of sellin' out to something so hollow,  
hollow

(Hollow, hollow)  
(Instead of sellin' out to something so hollow)  
(Hollow, hollow)

It's killin' me slow  
Yeah, I'd rather let them dig my grave shallow  
Instead of sellin' out to something so hollow

## LYRIC

Zorra, zorra, zorra  
Zorra, zorra, zorra

Ya sé que soy solo una zorra  
Que mi pasado te devora  
Ya sé que soy la oveja negra  
La incomprendida, la de piedra  
Ya sé que no soy quien tú quieres (lo sé)  
Entiendo que te desesperes (lo sé)  
Pero esta es mi naturaleza  
Cambiar por ti me da pereza

**Estoy en un buen momento**  
**Solo era cuestión de tiempo**  
**Voy a salir a la calle a gritar lo que siento**  
**A los cuatro vientos**

Si salgo sola soy la zorra  
Si me divierto, la más zorra  
Si alargo y se me hace de día  
Soy más zorra todavía  
Cuando consigo lo que quiero (zorra, zorra)  
Jamás es porque lo merezco (zorra, zorra)  
Y aunque me esté comiendo el mundo  
No se valora ni un segundo

**Estoy en un buen momento**  
**Solo era cuestión de tiempo**  
**Voy a salir a la calle a gritar lo que siento**  
**A los cuatro vientos**

**Estoy en un buen momento** (zorra, zorra)  
**Reconstruida por dentro** (zorra, zorra)  
**Y esa zorra que tanto temías se fue empoderando**  
**Y ahora es una zorra de postal**  
(zorra, zorra, zorra)  
**A la que ya no le va mal**  
(zorra, zorra, zorra)  
**A la que todo le da igual**  
**Lapídame, si ya total**  
**Soy una zorra de postal**  
**Yo soy una mujer real**  
(zorra, zorra, zorra)  
**Y si me pongo visceral**  
(zorra, zorra, zorra)  
**De zorra pasaré a chacal,**  
**te habrás metido en un zarzal**  
**Soy una zorra de postal**  
(zorra, zorra, zorra)

**Estoy en un buen momento**  
**Solo era cuestión de tiempo**  
**Voy a salir a la calle a gritar lo que siento**  
**A los cuatro vientos**

**Estoy en un buen momento**  
(zorra, zorra, zorra)  
**Reconstruida por dentro**  
(zorra, zorra, zorra)  
**Y esa zorra que tanto temías se fue empoderando**  
**Y ahora es una zorra de postal**

Rober,  
¿Qué pasa?  
Que nos han cogido  
¿Que dices loca!  
Nos han cogido Roberto, nos han cogido tío  
¿En serio?  
Me acaban de llamar de que nos han cogido

Tengo roto el corazón  
Pero es algo irónico  
Nada romántico  
Una herida entre los dos  
Sé que suena trágico  
Pero no

¿Puedes parar de perder el tiempo  
Buscando to', buscando mis venas?  
Sé que no hay na' qué hacer  
¿Pero usted quién es?  
Por favor, sáquenlo pa' fuera

Vas a poder saltar toda la noche  
Ven y dame una razón  
Para querer cambiar esas voces  
Sabes que unas mienten y otras no

M-E-L-A-P-E-L-A  
Que si tú no me quieres  
Otra gente me querrá

Quieres ser lobo feroz  
Y eres el patético mal menor  
(Piensas que puedes abatirme)  
Prendimos Benidorm  
Dices que es ilógico  
Incluso mágico  
Y solo es rock 'n' roll

Vas a poder saltar toda la noche  
Ven y dame una razón  
Para querer cambiar esas voces  
Sabes que unas mienten y otras no

Dame una señal (toda la noche)  
Siempre quiero más  
No daré ni un paso atrás  
Si estoy donde tú estás

(We like to party)  
(But we love rock)

Vas a poder saltar toda la noche  
Ven y dame una razón  
Para querer cambiar esas voces  
Sabes que unas mienten

I see it in the air, I see it in the air  
I'm running through these ashes  
Like a firefighter

Put out the fire, put out the fire  
Did we build empires just to watch them burn?  
My heart's beatin' louder, I'm runnin' like tigers  
No fear in my eyes though, I will save this love

The ceiling is falling, the windows are burning  
It's getting harder to breathe  
Can you hear me calling? I see ashes falling  
I'm down on my knees, but I will save this love

I see it in the air, I see it in the air  
I'm rising from these ashes like a phoenix, yeah  
You know I'll be there, you know that I'll be there  
I'm running through these ashes like a firefighter

Put out the fire (Put out the fire)  
Put out the fire, put out the fire  
Put out the fire, put out the fire

Come dance with that thunder,  
'cause love makes us stronger  
We're not here forever, so can we save this love?  
From lovers to fighters, oh, why do we do this?  
We're meant to rise higher and higher and higher

(The ceiling is falling, the windows are burning)  
Woah  
(It's getting harder to breathe)  
Can you hear me calling? I see ashes falling  
And falling and falling

I see it in the air, I see it in the air  
I'm rising from these ashes like a phoenix,  
yeah  
You know that I'll be there,  
you know I'll be there  
I'll be there, I'll be there

(I see it in the air, I see it in the air)  
(We're rising from these ashes like a phoenix,  
yeah)  
(You know we'll be there,  
you know that we'll be there)  
(We're rising from these ashes like a firefighter)

I see it in the air, I see it in the air  
We're rising from these ashes like a phoenix,  
yeah  
You know we'll be there,  
(You know that) we'll be there (Ah)  
(We're rising from these ashes)  
Like a firefighter

## LYRIC

All we chase is shining in the moonlight  
Are we sure the kids are alright  
Or just playing it cool?

Watch it fade, it's gonna hurt from time to time  
One more drink and I'll be fine  
You're the livin' proof (Oh-oh)

Are you still playin' the game  
Or breakin' the rules?  
I can see all the pain (Before the party's over)  
In the way that you move  
(Oh-oh-oh-oh)

Face to face,  
They told us it was paradise  
But I'll barely make it through the night  
Do you think about it too? (Oh-oh)

Are you still playin' the game  
Or breakin' the rules?  
I can see all the pain (Before the party's over)  
In the way that you move  
In the way that you move  
(Oh-oh-oh-oh)

I got a soul on fire,  
I'm gonna make moves tonight  
I got a soul on fire,  
I'm gonna raise roofs tonight  
I got a soul on fire,  
I'm gonna make moves tonight  
I got a soul on fire

Before the party's over  
(I got a soul on fire,  
I'm gonna make moves tonight)

Me pole narkomaanid pole midagi teind  
Kleidid meie seljas on prügikasti leid  
Politseikroonika ja suvilas on reid  
Ainus kott mis laual on roheline lay's

Me pole narkomaanid pole midagi teind  
Kleidid meie seljas on prügikasti leid  
Politseikroonika ja suvilas on reid  
Vormis mehed külas mul on väga okei

**Uuuu**  
Kuula nüüd seda  
Saab huugama ära  
Meid kuulda on täna  
A see kott vii ära

Ma ei tea narkootikume, limpsi tean ja siidrit  
Vahet ma ei suudaks teha vitamiinil spiidil

**Uuuu**  
Kuula nüüd seda  
Saab huugama ära  
Meid kuulda on täna  
A see kott vii ära

Pilvikud ja šampinjonid – kus on teie niidid?  
Käivitate minu keha nagu köögipliidi

Pardikesed väikesed, kuid moonid on nii pikad  
Mõnuaineid väldime, las seda teevad rikkad  
Kohal varahommikul ja kirevad kui kikkad  
ära viisid kommid mul need kurva näoga plikad

Mõnuaineid väldime vaid sest me pole rikkad  
Tarekese tagatoas on laual ainult IPA-d  
Prillid on pupilli.. eino pulli pärast ikka  
Läbi näevad kõigest need, kes jõudnud esiritta

Ole vait ja ma pole teind  
Kuigi ümber minu aint on see tants vaid siin  
käind jeaa  
Ole vait ja ma pole näind  
Kuigi ümber minu aint on see tants vaid siin  
käind jeaa

Quanti disegni ho fatto  
Rimango qui e li guardo  
Nessuno prende vita  
Questa pagina è pigra  
Vado di fretta  
E mi hanno detto che la vita è preziosa  
Io la indosso a testa alta sul collo  
La mia collana non ha perle di saggezza  
A me hanno dato le perline colorate  
Per le bimbe incasinate con i traumi da snodare  
piano piano con l'età  
Eppure sto una Pasqua, guarda, zero drammi  
Quasi quasi cambio di nuovo città  
Che a stare ferma a me mi viene, a me mi viene

**La noia (x4)**

**Muoio senza morire**  
**In questi giorni usati**  
**Vivo senza soffrire**  
**Non c'è croce più grande**  
**Non ci resta che ridere**  
**In queste notti bruciate**  
**Una corona di spine**  
**Sarà il dress-code per la mia festa**

**Ah, è la cumbia della noia, mhm**

**È la cumbia della noia total**  
**Ah, è la cumbia della noia, oh, oh**  
**La cumbia della noia total**

Quanta gente nelle cose vede il male  
Viene voglia di scappare come iniziano a parlare  
E vorrei dirgli che sto bene, ma poi mi guardano male  
Allora dico che è difficile campare  
Business, parli di business  
Intanto chiudo gli occhi per firmare i contratti  
Mhm, princess, ti chiama "princess"  
Allora adesso smettila di lavare i piatti

**Refrain [Estribillo]**

Allora scrivi canzoni?  
Sì, le canzoni d'amore  
E non ti voglio annoiare  
Ma qualcuno le deve cantare  
Cumbia, ballo la cumbia  
Se rischio di inciampare, almeno fermo la noia  
Quindi faccio una festa, faccio una festa  
Perché è l'unico modo per fermare  
Per fermare  
Per fermare, ah

Når alle dei gillaste lika meg best

Ho gav meg ein ham som ulve grå  
Ho svor meg einsam i skogjen gå

Og aldri blir eg heil og god  
Før eg fær drukkje min broders blod

Så reiv eg ut hennes vistri sie  
Så hennes blod de sprang så vie  
Så eg fekk drukkji min broders blod

Europe, let's come together!  
(Euro-pa-pa, Euro-pa-pa)  
It's now or never! I love you all!  
(Euro-pa-pa, Euro-pa-pa)

Welkom in Europa, blijf hiert tot ik doodga  
Euro-pa-pa, Euro-pa-pa  
Welkom in Europa, blijf hiert tot ik doodga  
Euro-pa-pa, Euro-pa-pa

Bezoek m'n friends in France of neem de  
benen naar Wenen  
Ik wil weg uit Netherlands, maar m'n  
paspoort is verdwenen  
Heb gelukkig geen visum nodig om bij jet  
te zijn  
Dus neem de bus naar Polen of de trein  
naar Berlijn  
Ik heb geen geld voor Paris, dus gebruik  
m'n fantasie  
Heb je een euro'tje, please? Zeg 'merci' en  
'alsjeblieft'  
Ik ben echt alles kwijt behalve de tijd  
Dus ben elke dag op reis want de wereld is  
van mij

Welkom in Europa, blijf hiert tot ik doodga  
Euro-pa-pa, Euro-pa-pa  
Welkom in Europa, blijf hiert tot ik doodga  
Euro-pa-pa, Euro-pa-pa

Euro-pa-pa-pa-pa-pa-pa-pa-pa  
Euro-pa-pa-pa (Hey)  
Euro-pa-pa-pa-pa-pa-pa-pa-pa

Eu-ro-pa! (Hey)

Ich bin in Deutschland, aber ich bin so  
allein  
Io sono in Italia, maar toch doet het pijn  
Ben aan het vluchten van mezelf, roep de  
hele dag om help  
Ja, ik geef zelfs mensen geld, maar d'r is  
niemand die me helpt  
Ik hoef geen escargots, hoef geen fish 'n'  
chips  
Hoef geen paella. No, ik weet niet eens  
echt wat dat is  
Zet de radio ann, ik hoor Stromae met  
"Papaoutai"  
Zal niet stoppen, tot ze zeggen: "Ja, ja, dat  
doet 'ie goed, ey!"

Refrain [Estribillo]

Euro-pa-pa-pa-pa-pa-pa-pa-pa-pa-pa-pa-pa-pa-pa  
Pa-pa-pa-pa-pa-pa-pa-pa-pa-pa-pa (x3)  
Welkom in Europa, jongen!

(Hey!)  
Eu-ro-pa!

Aan het einde van de dag zijn we allemaal  
mensen  
Mijn vader zei me ooit: "Het is een wereld  
zonder grenzen"  
"Ik mis je elke dag", is wat ik stiekempjes  
fluister  
Zie je nou wel, pa? Ik heb naar je geluisterd
